CELEBRATING
LEGACY

Inspired by the many families we serve who share stories of fathers and loved ones who had a deep passion for antique and exotic cars, we created *Fenders & Fathers*—a space where the community comes together to celebrate that love—cars, family, and legacy.

We would be honored to have members of your group showcase their vehicles as part of this special day. Our vision is to fill the park with a wide variety of classic, antique, and exotic cars for families to enjoy and experience together.
